Reverend Richard O. Green
Director
1537 West Saxon Circle
Springville, UT 84663

Dear Reverend Green

Subject: Golden Spike Treatment Ranch, Inc.

Thank you for taking the time to share your plans for the development of the Golden Spike Treatment Ranch to be located in northwest Utah.

Based on the information provided and the fact that your objectives are in complete agreement with the mission and role of Bridgerland Applied Technology College (BATC), please accept this letter as official notification of support for the Golden Spike Treatment Ranch.

Bridgerland Applied Technology College has been tasked by the Utah State Legislature to provide open-entry/open-exit, individualized, competency-based training to prepare individuals for entrance into the workforce. As such, BATC is prepared to provide training both on-site and through the use of technology-delivered instruction. BATC has the curriculum materials in place for more than 50 different career paths and has the technology to deliver much of that training through the use of distance-delivered education.

Of course, several training programs lend themselves better to the clientele being housed at the ranch. Therefore, careful judgement on the part of BATC Administration in conjunction with the staff at the ranch will be utilized in selecting the actual program content to be delivered there. Please review the enclosed BATC Catalog for a complete listing of program offerings or visit our Web site at www.batc.edu.

Because Bridgerland Applied Technology College provides training to secondary students at each of our campuses, BATC cannot support clients of the ranch attending school at any BATC campus. However, within the boundaries of our available funding, BATC will provide instructors at the ranch as the demand dictates or provide the training through the use of a variety of distance-education capabilities that currently exist.

The administrative staff at BATC vigorously supports the concepts and objectives of the Golden Spike Treatment Ranch as explained to us and offers our full support within the boundaries of our mission and role.

Best wishes as you pursue this endeavor.

Sincerely

A handwritten signature in cursive script, appearing to read "Richard L. Maughan".

Dr. Richard L. Maughan
Campus President
